THE JOURNEY THROUGH EDITING

As the year draws to a close, December brings with it the crisp chill of winter and the warmth of new enthusiasm. It is a time of reflection, celebration, and renewed aspirations. At **Srinath University**, December holds a special place as we come together to honour the richness of our language and culture through the much-awaited **Hindi Mahotsav**.

Organized annually, Hindi Mahotsav is more than just an event—it is a tribute to the soul of our linguistic heritage. It celebrates the power of Hindi in uniting diverse voices, inspiring creativity, and fostering a deeper appreciation for our roots. Through thought-provoking debates, mesmerizing poetry recitations, and captivating literary performances, students and faculty immerse themselves in the beauty of the language.

The **Paush** Issue (December Issue) of our magazine encapsulates the essence of the festival, reflecting on the vibrancy it brings to our campus. Alongside, we embrace the winter spirit—a season of warmth found in shared laughter, heartfelt conversations, and the joy of new beginnings. As we step into a new year, may this celebration of language and learning continue to ignite our passion for knowledge and cultural pride.

Ramp of Traditions : Indian Regional Fashion Takes Center Stage at Hindi Mahotsav 2024

The **Hindi Mahotsav 2024** at **Srinath University** showcased the vibrant diversity of Indian culture, with the highlight being a spectacular ramp walk by students in traditional attire from various states.

In this mesmerizing display, students proudly represented the cultural essence of their regions-graceful sarees from Bengal, colorful ghagras from Rajasthan, regal turbans from Punjab, and elegant mekhela chadors from Assam. Each outfit beautifully captured the heritage and artistry unique to India's diverse states.

In the **Sringaar** segment of our magazine, we applaud the creativity and initiative of our students in using fashion as a medium to celebrate Indian culture. Their unique idea of showcasing unity in diversity through traditional attire inspired the audience and reinforced the importance of preserving cultural heritage.

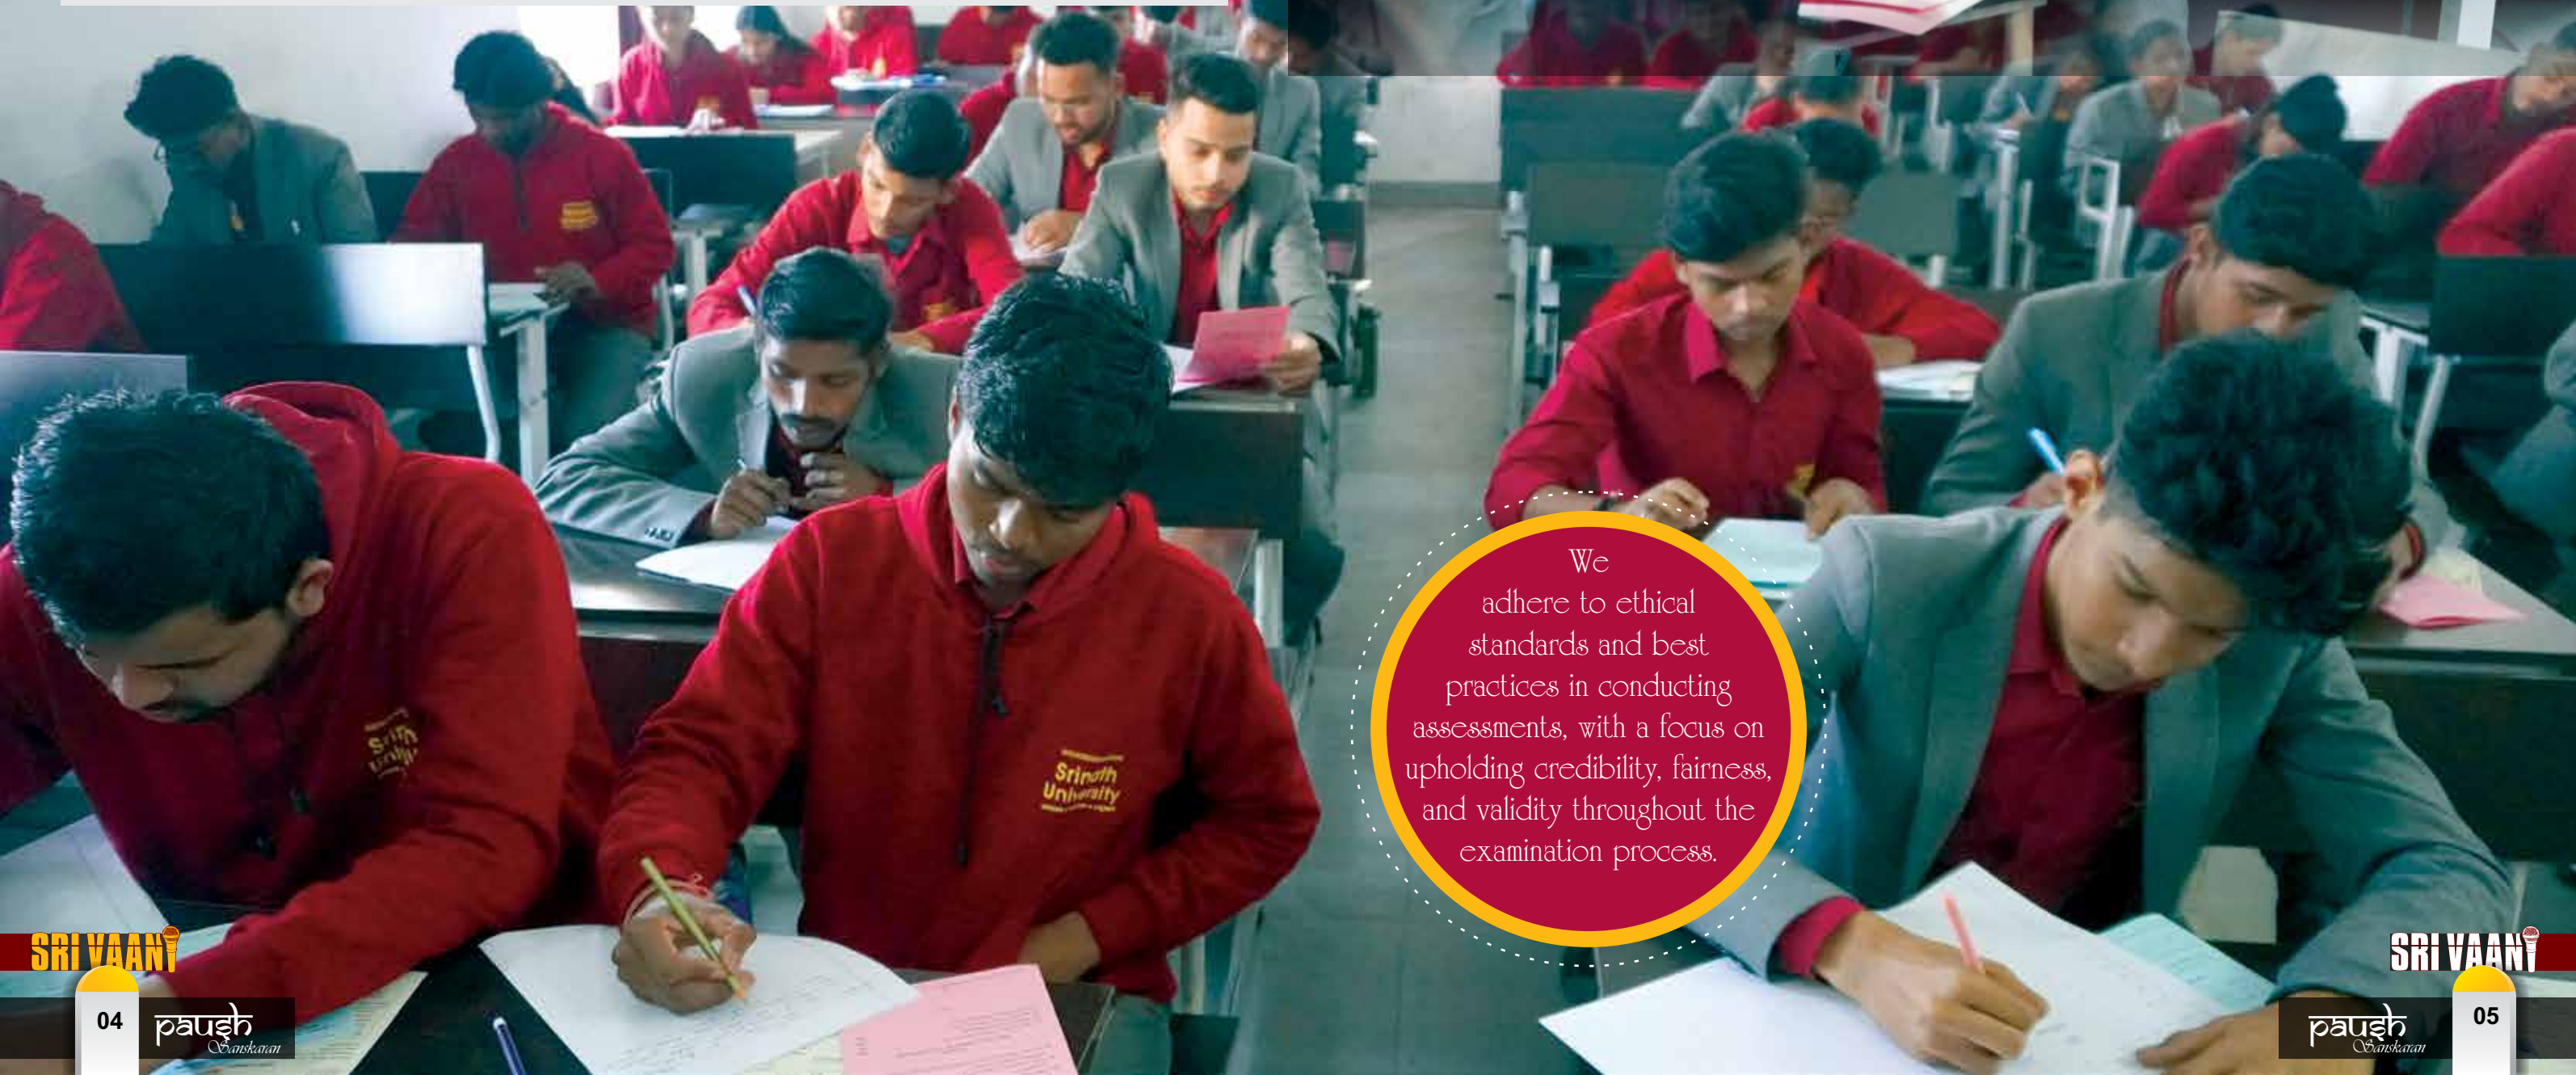

Examination : A test of Integrity

Examination is not only a test of students' knowledge and ability, but also a test of the integrity for every student. Students should abide by the bottom line of integrity and take the exam honestly.

Discipline in an examination hall is crucial as it ensures a fair and unbiased testing environment, allowing students to demonstrate their actual knowledge without distractions or cheating, ultimately leading to accurate assessment of their abilities and maintaining the integrity of the exam process.

A disciplined environment minimizes distractions, enabling students to focus solely on the exam questions and perform at their best. When students adhere to exam rules, the results accurately reflect their individual knowledge and abilities, rather than being influenced by dishonest practices.

Srinath University places the highest value on integrity and honesty in students' academic work. The University ensures that exams are conducted fairly and honestly, where students are expected to complete assessments based solely on their own knowledge and abilities, without resorting to cheating or other forms of academic dishonesty, upholding the credibility and validity of the assessment process; it involves measures like proctoring, plagiarism detection, and clear guidelines on what constitutes acceptable behavior during exams.

We adhere to ethical standards and best practices in conducting assessments, with a focus on upholding credibility, fairness, and validity throughout the examination process.

34th Annual Flower Show : Jamshedpur

The 34th annual Flower Show was organized on December 29, 2024, to January 1, 2025, at Gopal Maidan in Bistupur. Organized by the Horticulture Society of Jamshedpur in collaboration with Tata Steel and Tata Steel UISL. The city was immersed in the fragrance of flowers, even amidst the winter chill and cold winds. The aroma of flowers from the Maidan wafts through Jamshedpur and across the entire Kolhan region. Gopal Maidan has been adorned with a stunning display of colourful and diverse flowers, leaving visitors in awe.

This year's theme, "Charo Taraf Gul Aur Gulab Hai, Jamshedpur me aai Bahar Hai," highlights the artistry of horticulturists from across India. Expert horticulturists will evaluate the exhibits during the event. The show included workshops led by renowned experts, competitions for floral arrangements, and exhibits from 30 nurseries. Sixteen octogen hangers catered to gardening enthusiasts, offering a variety of horticultural products for purchase.

Horticulture Society President Sumita Nupur, General Secretary Dr. Anuradha Mahapatra, and Vice President BK Maity shared details of the event, which featured hundreds of rare and exquisite flowers, including prize-winning roses, exhibits from Pune, Nagpur, Maharashtra, Delhi, Rourkela, Ranchi, Durgapur, Kolkata, Jajpur. Sumita Nupur highlighted the significance of the event, saying, "The flower show celebrates the beauty of floriculture while raising awareness about sustainable gardening practices. It is also a tribute to our city's commitment to preserving this art form."

This exhibition not only celebrated the beauty and science of horticulture but also raised environmental awareness while highlighting Jamshedpur's rich tradition of floriculture. The event attracted visitors from across the region and created a vibrant and festive atmosphere.

Deepak Sharma, Entrepreneur and Graphic Designer at BRANDMISTRI, shared his insights on branding, creativity, and the power of visual communication. A graduate of the National Institute of Industrial Engineering, he emphasized the importance of design in storytelling and business success. His journey reflects a blend of strategic thinking and artistic innovation, inspiring aspiring designers and entrepreneurs. Through his expertise, he continues to shape impactful brand identities, proving that creativity is a driving force in today's competitive market.

Deepak Sharma is a visionary entrepreneur whose professional journey is defined by a deep commitment to blending innovation with sustainability. After completing his early education in Jamshedpur, Deepak pursued a degree in Computer Engineering. His career began with Oracle, where he spent four years as a software developer, working on impactful projects for global clients such as Citigroup. With a relentless drive to expand his expertise, Deepak pursued an MBA from IIM Mumbai. This propelled him to further corporate excellence with Hindustan Coca-Cola Beverages.

However, it was his entrepreneurial instincts and passion for design and communication that led Deepak to establish Brandmistri, a cutting-edge creative agency. Brandmistri has quickly earned a reputation for providing exceptional design and communication solutions for some of the biggest names in the industry, including Danone India, Marico, Zydus Wellness, Jubilant Foodworks, Adani Group, and Fosroc India. The agency's core services include the creation of Corporate Reports, Animated Videos, Safety Communication strategies, CMS-based websites, and Brand Identity solutions—each crafted with precision to elevate brand presence and align with the highest standards of corporate sustainability and innovation. Through Brandmistri, Deepak continues to shape the future of branding and communication, offering transformative strategies that drive success for leading corporations across the globe.

BRAND
mistri

Shri Deepak Sharma
Entrepreneur & Graphic Designer,
BRANDMISTRI

Q

A

Q

What inspired you to start Brandmistri, and how did you identify the gap in the market?

A

Brandmistri was born from a passion for design and communication. While working in brand management, I noticed a significant gap in non-sales and non-marketing teams often struggling to translate their ideas into compelling visual content. Safety, HR, and sustainability teams needed engaging ways to communicate, yet few agencies specialized in this area. Recognizing this, I saw an opportunity to bridge the gap by creating high-impact, user-friendly designs. Brandmistri was built on the philosophy of solving real business problems through design, offering customized branding, corporate messaging, and creative solutions to enhance visibility and engagement.

Q

What were the biggest challenges you faced during the early stages of your startup, and how did you overcome them?

A

The early days of Brandmistri were filled with challenges—establishing credibility, securing clients, and assembling the right team. As a new agency, gaining the trust of businesses was difficult. To overcome this, I focused on delivering high-quality work, even for smaller projects, ensuring that each success became a stepping stone for the next. Word-of-mouth referrals and maintaining a strong portfolio helped build credibility. Hiring the right talent was another hurdle, but I prioritized people who aligned with Brandmistri's vision of creating impactful, problem-solving designs. Patience, persistence, and a commitment to excellence were key to overcoming these challenges.

Q

What have been the top three lessons you learned from your entrepreneurial journey?

A

Client-Centric Approach Wins: Understanding a client's pain points and delivering solutions tailored to their needs ensures long-term relationships and repeat business.

Quality Over Quantity: Rather than chasing numerous projects, focusing on delivering exceptional work for fewer clients leads to sustainable growth and stronger credibility.

Adaptability is Key: The design industry evolves rapidly. Staying ahead requires constant learning, investing in new tools, and being open to innovative approaches. By continuously adapting to changing client needs and industry trends, Brandmistri has maintained its competitive edge.

Q

What advice would you give to aspiring entrepreneurs in the creative industry?

A

Passion alone isn't enough; combine it with a business mindset. Focus on problem-solving rather than just aesthetics. Clients seek solutions, not just beautiful designs. Build a strong portfolio, network actively, and always deliver beyond expectations. Pricing your work right is crucial—avoid undervaluing your skills but remain competitive. Adapt to technological advancements and market shifts, ensuring your services stay relevant. Lastly, persistence is key. The creative industry is competitive, but consistent quality and innovation will set you apart.

Q

Who or what has been your greatest source of inspiration throughout this journey?

A

My greatest inspiration has been the impact of design on businesses. Seeing how well-crafted visuals transform communication and engagement motivates me daily. Additionally, working with diverse clients—from startups to large corporations—has been inspiring. Their challenges push me to think creatively and refine Brandmistri's approach. On a personal level, global brands known for their design-driven strategies, such as Apple and Airbnb, have influenced my thinking. Their ability to blend aesthetics with functionality inspires me to create designs that are not only visually appealing but also serve a strategic purpose.

Q

What advice would you give to students who are thinking of becoming entrepreneurs?

A

Start small but think big. Learn the fundamentals of your craft while gaining real-world experience. Focus on solving problems rather than just selling a service. Build a network—mentors and industry peers can accelerate your growth. Failure is part of the process, so don't fear it; instead, learn from it. Time management and financial discipline are crucial—understand cash flow early on. Finally, stay curious and adaptable. Industries evolve, and the best entrepreneurs are those who keep learning and innovating.

Q

If you had to describe your journey with Brandmistri in one sentence, what would it be?

A

A relentless pursuit of design excellence, solving business challenges creatively while continuously evolving and inspiring meaningful visual communication.

Department of
Chemistry

Fueling Future Discoveries : The Chemistry Department Leading the Way

The Department of Chemistry at **Srinath** University, Jamshedpur, is a beacon of excellence in scientific education and research, setting new benchmarks for aspiring chemists. With its state-of-the-art infrastructure and innovative academic programs, the department has become a preferred destination for students passionate about chemistry. One of the department's most remarkable features is its world-class

laboratories, equipped with advanced instruments such as spectrophotometers, chromatographs and high-precision analytical tools, chemistry labs offer students hands-on experience with cutting-edge technologies. The department's commitment to fostering

SHIKSHAGAAR

practical learning ensures that students graduate with not only theoretical knowledge but also practical expertise, making them industry-ready.

The department's robust curriculum is designed to align with global standards, covering diverse fields such as organic, inorganic, physical, and analytical chemistry. Eminent faculty members, many of whom are accomplished researchers, provide mentorship, guiding students through their academic and professional journeys.

The career opportunities for chemistry graduates from **Srinath** University are vast and promising. The department provides first hand experience with state-of-the-art facilities in various fields of Applied Chemistry. Also, students are being involved in awareness program in the area of drinking water, clean environment and Green Technology students are well-prepared for roles in pharmaceuticals, petrochemicals, environmental science, and material research. Additionally, the department actively collaborates with industries and research bodies, providing internships and project opportunities that enhance employability.

CENTRE OF EXCELLENCE

Department of
Chemistry

Srinath University's Department of Chemistry is more than just an academic hub; it is a launchpad for students to achieve their aspirations in the dynamic field of chemistry. Its exceptional facilities and forward-thinking approach make it a standout choice for budding scientists.

Dr. Dolly Chakraborty
Associate Professor & HoD, Dept. of Chemistry

The Department of Chemistry in **Srinath** University explores the composition, structure, properties, and reactions of matter. It covers topics like atomic theory, chemical bonding, thermodynamics, kinetics, and organic chemistry. Laboratory work enhances understanding through experiments. Chemistry is essential for fields like medicine, engineering, and environmental science, offering insights into molecular interactions and material transformations.

The study of chemistry is not just about formulas, it's about unlocking the secrets of the elements that shape our world.

Shri S. K. Samir
Assistant Professor, Dept. of Chemistry

Shri Loko Krishna Jha
Laboratory Incharge, Dept. of Chemistry

A chemistry lab is where curiosity meets experimentation, transforming elements into discoveries and theories into reality.

Mrs. Suman Singh
Asst. Prof., School of Commerce & Management

Shri Sukhdeo Mahato
(Hon'ble Chancellor)

Srinath University strives to create an academic environment that nurtures research and innovation. By actively supporting faculty in their scholarly pursuits, the university recognizes the vital role of research in advancing knowledge and addressing real-world challenges. Faculty members are encouraged to explore new ideas, contribute to their respective fields, and make meaningful societal impacts. The university values their dedication and remains committed to providing the necessary resources and opportunities for growth. With a strong emphasis on academic excellence, Srinath University envisions a future where research-driven initiatives contribute to both intellectual progress and practical solutions for contemporary issues.

Ms. Jaya Rani Mahato's paper, "Impact of Financial and Digital Literacy on Employee Performance – A Study of Women Employees Working in Jharkhand," explored how financial and digital literacy influence workplace efficiency among women employees. Her research highlighted the crucial role of knowledge empowerment in enhancing professional productivity and financial independence.

Their participation in the conference reflects their commitment to advancing research in Human Resource Management and Organizational Behavior, contributing significantly to academic discourse in the contemporary business landscape.

Ms. Jaya Rani Mahato
Asst. Prof., School of Commerce & Management

Congratulations

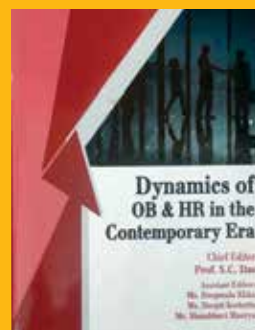

Mrs. Suman Singh

Dynamics of
OB & HR in the
Contemporary Era

Ms. Suman Singh (Asst. Prof.) and Ms. Jaya Rani Mahato (Asst. Prof.) showcased their academic expertise at the International Conference on "Metamorphosis of HR Width", held from 19th-21st November 2024 at the Faculty of Commerce, Banaras Hindu University (BHU), Varanasi, India. Their research contributions were well received and later published in the book "Dynamics of OB & HR in the Contemporary Era."

Ms. Suman Singh presented a paper titled "Comparative Study of HR Policies on MSME Companies with Special Reference to Jamshedpur City," offering an in-depth analysis of HR practices in small and medium enterprises in Jamshedpur. Her study provided valuable insights into the effectiveness of HR policies in driving organizational growth and employee satisfaction.

Prof. (Dr.) S. N. Singh
(Hon'ble Vice-Chancellor)

Prof. (Dr.) D. K. Shukla
Dean, Academics

Heartiest congratulations to Ms. Suman Singh and Ms. Jaya Rani Mahato on their successful presentations at the "Metamorphosis of HR Width" conference. Their dedication to research reflects Srinath University's pursuit of academic excellence.

I extend my warmest congratulations to Ms. Suman Singh and Ms. Jaya Rani Mahato on their achievements at the international HR conference. Their contributions to the field make us proud and exemplify the high caliber of research at Srinath University.

Srinath University Inks MoU with Assam Down University

ASSAM DOWN TOWN UNIVERSITY

Memorandum of Understanding (MoU)

signed between
Srinath University
and
Assam Down Town University
for

- ▶ Student Exchange
- ▶ Faculty Exchange
- ▶ Research Degrees
- ▶ Summer Spring Program
- ▶ Intern Exchange
- ▶ Visiting Faculty

Srinath University proudly announces its collaboration with Assam down town University through a landmark Memorandum of Understanding (MoU). This partnership heralds a new era of academic excellence and mutual growth.

The MoU facilitates:

- **Student Exchange Programs** for global exposure,
- **Faculty Exchange Initiatives** for knowledge sharing,
- **Collaborative Research Degrees** to promote innovation,

- **Seasonal Programs** like summer and spring sessions,
- **Internship Exchanges** for practical learning, and
- **Visiting Faculty Engagements** to enhance teaching quality.

This alliance reaffirms our dedication to offering a global perspective to education while fostering cultural and intellectual enrichment. It is a significant step in equipping our academic community with diverse opportunities and experiences.

Stay connected for updates on how this collaboration will transform learning at Srinath University!

Memorandum of Understanding (MoU)
signed between
Srinath University and Remassis Solution Pvt. Ltd.
for IT Students Training Placement and Internship

We are proud to announce a transformative partnership between **Srinath University** and **Remassis Solution Pvt. Ltd.** through a Memorandum of Understanding (MoU) aimed at empowering our students and enhancing their professional journeys.

This collaboration focuses on:

- **Industrial Training** opportunities to bridge the gap between academics and real-world applications.
- **Placement Support** to guide students in launching successful careers.
- **Skill Development** aligned with the latest industry standards, ensuring students are future-ready.

This initiative is a significant step under the NRIIC mission, which encourages local professionals to invest in their communities, create job opportunities, and drive skill enhancement. By joining forces, we are paving the way for a brighter and more innovative future for our students and the region.

We extend our heartfelt gratitude to Remassis Solution Pvt. Ltd. and NRIIC for their support and look forward to a long-lasting, fruitful partnership that will benefit the academic and professional growth of our students.

Concept of Group Discussion (GD) in Campus Placements:

A Group Discussion (GD) is a selection process used during campus placements to evaluate candidates' communication skills, teamwork, leadership abilities, critical thinking, and problem-solving skills. It involves a group of participants discussing a specific topic or case within a set time. Recruiters assess candidates based on their contribution to the discussion and how well they work in a group dynamic.

Factors to Keep in Mind for an Effective Group Discussion:

Preparation and Understanding

- **Know the Topic:** Research current affairs, general knowledge, and industry trends to be well-prepared for any topic.
- **Clarify the Objective:** Understand whether the GD focuses on problem-solving, knowledge sharing, or decision-making.

Communication Skills

- **Speak Clearly:** Use simple, concise language to express your ideas effectively.
- **Maintain Neutrality:** Avoid controversial or extreme viewpoints; aim for a balanced argument.
- **Listen Actively:** Pay attention to others' points and avoid interrupting.

Participation and Contribution

- **Initiate Wisely:** Starting the discussion can create a good impression, but only if you have relevant points.
- **Support Ideas:** Back your points with examples,

facts, or logical reasoning.

- **Encourage Others:** Motivate quieter members to share their views to showcase teamwork.

Interpersonal Behavior

- **Respect Others:** Be polite and never criticize someone personally.
- **Avoid Dominance:** Participate actively but ensure others get a chance to speak.

Body Language

- **Maintain Eye Contact:** Engage with all group members to display confidence and inclusivity.
- **Stay Calm:** Keep your posture upright and avoid fidgeting to appear composed.

Time Management

- **Stay Focused:** Avoid deviating from the topic or repeating the same points.
- **Conclude Effectively:** Summarize the discussion concisely if given the opportunity.

By keeping these factors in mind, you can maximize your chances of performing well in a group discussion.

Shri Subhadeep Bhadra
(Director, Training & Placement)

Campus Interview Questions and Sample Answers

1. Tell me about yourself.

Sample Answer: "I am [Your Name], currently pursuing my [Degree and Specialization] from [University Name]. I am passionate about [specific interest or field related to the job]. During my academics, I developed skills in [mention relevant skills, e.g., data analysis, programming, or communication]. I also undertook [projects/internships/extra-curriculars] where I learned [specific learning outcomes]. My strengths include [list strengths, e.g., problem-solving, teamwork], and I am excited to bring these skills to contribute to your organization's success."

2. What are your strengths and weaknesses?

Sample Answer: "My strengths include my ability to adapt quickly to new environments, work collaboratively in a team, and maintain strong problem-solving skills. For example, during my internship at [company], I successfully [specific achievement]. As for my weakness, I sometimes tend to focus too much on details. However, I have been working on managing this by setting deadlines for tasks and focusing on prioritizing the bigger picture."

3. Why should we hire you?

Sample Answer: "I believe I am a strong fit for this role because of my [specific skills/experience that align with the job]. For instance, during my project on [describe project], I applied [specific tools/techniques] and achieved [positive outcome]. Additionally, my ability to quickly learn and adapt, combined with my passion for [field of work], ensures that I can contribute effectively to your team and bring value to your organization."

4. Describe a time you faced a challenge and how you resolved it.

Sample Answer: "During my final year, I worked on a group project where we faced a challenge meeting deadlines due to miscommunication. I took the initiative to organize a clear task breakdown, set up regular update meetings, and assigned responsibilities based on each member's strengths. As a result, we not only completed the project on time but also received recognition for its quality. This experience taught me the importance of communication and proactive problem-solving in teamwork."

These answers are adaptable and can be tailored to fit your background and experiences for the best impact during interviews.

Spreading Love and Joy!

Students of the Commerce and Management Department, accompanied by Assistant Professor Shalini Ojha, visited Nirmala Orphanage, an old age home in Baradwari, Sakchi. They spent meaningful time with the senior citizens, sharing smiles and stories. This heartwarming initiative fostered emotional connections and enriched the students' social quotient, instilling in them the invaluable art of compassion and giving back to the community.

Bridging Academics with Industry

B.Tech and Diploma students from Mechanical and Electrical & Electronics Engineering (EEE) visited Bravo Erection Pvt. Ltd., gaining practical insights into real-world engineering. They explored domestic cylinder manufacturing, advanced welding techniques, laboratory testing for quality assurance, and safety standards in production. This hands-on experience enriched their understanding of industrial practices, empowering them to connect theoretical knowledge with industry requirements and prepare for successful engineering careers.

Empowering Future Engineers

Diploma and B.Tech Civil Engineering students from the School of Engineering visited Srinath Global Village, gaining practical exposure to real-world applications of civil engineering. This enriching experience bridged the gap between theory and practice, deepening their understanding of the curriculum and fostering skills essential for a successful career. Such initiatives reflect our commitment to shaping innovative and skilled engineers prepared to meet tomorrow's challenges.

Enhancing Healthcare Knowledge

D.Pharm students visited the Pradhan Mantri Janaushadhi Kendra, Adityapur, gaining valuable insights into its operations and the significance of affordable healthcare. The visit enriched their understanding of accessible medicine and its societal impact. We sincerely thank Ajit Sir for his guidance and support, helping students bridge academic knowledge with practical experience in the pharmaceutical industry, fostering a deeper appreciation of healthcare services.

Exploring Science in Action

Students from the School of Science visited CSIR National Metallurgical Laboratory (NML), Jamshedpur, for an enriching industrial experience. The visit bridged the gap between theoretical knowledge and real-world applications, exposing students to advanced research and industrial processes. Such opportunities not only deepen their academic understanding but also foster professional growth, equipping them with insights essential for a successful career in science and technology.

A Memorable Welcome

The School of Engineering at Srinath University hosted its much-awaited Freshers' Party with great enthusiasm and joy. The event was filled with laughter, exciting games, and vibrant activities, meticulously organized by seniors to warmly welcome the new batch. The spirit of love, energy, and camaraderie displayed by the students made this celebration truly unforgettable, marking the beginning of an exciting journey for the freshers.

A Joyful Welcome

The School of IT at **Srinath University** hosted its much-awaited Freshers' Party, and it was a day to cherish! Filled with fun, laughter, and vibrant energy, the event featured exciting games and activities thoughtfully organized by seniors. The love, enthusiasm, and camaraderie displayed by everyone made it a memorable celebration. Here's to new beginnings, treasured memories, and a bright journey ahead for our freshers!

Exploring Industry Insights

Srinath University, in collaboration with Young Indians, organized an industrial visit to Rani Sati Pipes Industry, Adityapur, for MBA students under the guidance of Dr. Priti Kiran, Nodal Officer. The visit offered practical exposure to industrial processes, entrepreneurial skills, and expert interactions. This initiative bridged the gap between academics and real-world business practices, empowering students with valuable insights into industry operations and entrepreneurship for their future careers.

Srinath University Excels at the 6th Management Olympiad 2024-25

We are proud to celebrate the outstanding achievements of our students at the prestigious 6th Management Olympiad 2024-25. Their dedication and strategic brilliance earned them accolades :

- Poster Making (Silver Medal)
Ritesh Sahu, Anish Kumar, Vikash Mahato
- Case Study (Silver Medal - Tie)
Team A : Sunny Kumar, Shridhar Mishra
Team B : Barun Kumar, Abhijeet Ganguly
Mr. Olympiad Shridhar Mishra

Our students' excellence reflects the university's commitment to holistic education and innovation!

Celebrating India's Culinary Diversity

The Department of English celebrated India's vibrant cuisines and cultural heritage on 14th December 2024, with esteemed dignitaries including Honourable Chancellor Mr. Sukhdeo Mahato, Vice Chancellor Prof. (Dr.) S. N. Singh, and other notable guests. Students showcased the attire, language, and cuisines of states like West Bengal, Jharkhand, and Punjab. Team West Bengal won first place, followed by Uttar Pradesh and Jharkhand. The event highlighted India's rich "Unity in Diversity."

National Energy Conservation Day 2024 at Srinath University

On 16th December 2024, the Department of Chemistry at Srinath University observed National Energy Conservation Day with a series of insightful talks and activities. Dr. Rajesh Kumar's lecture on energy conservation and air pollution in Jharkhand inspired sustainable practices. The Hon'ble VC emphasized renewable energy's role in a sustainable future, and the HoD highlighted India's transition to clean energy. Students from various departments contributed to the event's success, fostering energy awareness.

Spreading the Glory of Hindi Worldwide : 8th International Srinath Hindi Mahotsav

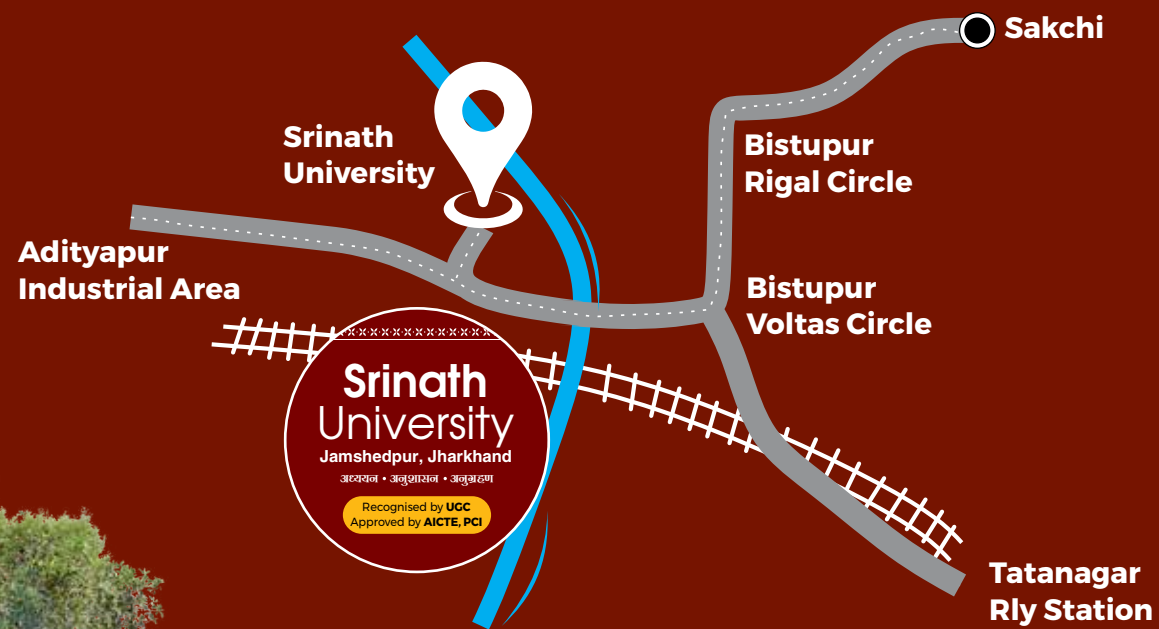

The 8th Srinath International Hindi Mahaotsav, held from December 20-22, 2024, at Srinath University, Adityapur, was a grand celebration of the Hindi language and culture. The Mahaotsav was inaugurated by the Chief Guest, Mrs. Savita Mahato, MLA from Ichagarh Constituency, who expressed her pride in the event's focus on Hindi. Distinguished speakers such as Kumud Sharma from Delhi, Morjum Loi from Arunachal, and Divya Mathur from UK engaged in insightful discussions about Hindi's global influence and evolution.

On the second day Sri Ananya Mittal, DC of East Singhbhum and Sri Ravi Shankar Shukla, DC of Seraikella-Kharsawan grace the occasion and share their valuable insights.

On the third day, Honorable Justice Anand Sen of the Jharkhand High Court and Smt. Seema Samridhi Kushwaha, Advocate of Supreme Court graced the occasion, highlighting the importance of Hindi in the judiciary. The event featured a range of competitions, including Hasya Kavi Sammelan, Nukkad Natak, Diwar Sajja, Mudde Hamare Vichar Apke, Vyaktitwa Jhanki, Likho Kahani, Lori Lekhan, Radio Srinath, Wak Chaturya, Laghu Natika, Sanskriti ke Aath Rang (Rangoli), Start-up Srinath, Reels Sanchar, Blog Lekhan, Sahityik Kriti etc.
